DEMOCRATS PREDICT VICTORY FOR DEMOCRATS

IF POWERS ADOPT OPEN DOOR POLICY

BOARD CREATED IN TO PREVENT TROUBLES THERE MIGHT ARISE OVER TREATY

GERMANY WANTS U. S. TO ASSUME INTEREST IN EUROPEAN AFFAIRS

BERLIN, Jan. 18.—Germany wants the United States to interest herself in European affairs, particularly in economic reconstruction. This is the attitude of the German government as revealed by Chancellor Wirth in an address to the convention of the Central (Catholic) party.

The chancellor derided the allied "lemon squeezing" policy. His plea for American participation in European reconstruction was couched in the following language:

"The re-establishment of inter-European relations cannot be achieved unless the United States is again disposed to take an interest in European affairs. Even America cannot reconstruct herself at home if the policy is continued of making one people alone answerable for all war damages."

Dr. Wirth expressed pride in his own policy of "fulfillment," a policy by which he pledged Germany to carry out all the conditions imposed upon her by the allies.

"It has been a year of honest endeavor in our part," continued the Chancellor. "We shall continue to travel the same road. A zigzag course would be death to all policy."

The Chancellor denied his political enemies.

"When my colleagues and myself fall, it will be in open battle," said Dr. Wirth. "If we are toppled over it will be in a primary session of the Reichstag."

The Chancellor's denials are still in doubt. What is the use of trying to avoid world chaos while squeezing like a lemon the people that chivalrously fought a whole world of enemies?

Germany will gather strength, it is her Christian, moral duty never to sit idle in hours of the fatherland's danger. Therefore we repudiate the policy of despair and adventuring.

We were right in warning the allies of the consequences of the London (indemnity) ultimatum. They (the Allies), now realize what it means to demand gold in billions.

Our buying capacity, together with Russia's impotence, are bound to lead to a world crash unless something is done.

Chancellor Wirth said that if the German people possessed sufficient food and raw materials and were malicious enough to fulfill literally the demands imposed upon them, no industrial chimneys in the world would be smoking but Germany's.

He continued:

"You cannot master politics by goose-stepping and noble gestures. The nation is not surrendering itself. She is not lost."

NEW YORK, Jan. 18.—The Hughes board of reference, which has been created to settle the dispute between the United States and Japan over the Chinese tariff, is expected to meet today. The board is expected to be composed of representatives from both countries, and its decision is expected to be final.

The board was created by the Hughes administration in response to a demand from the Japanese government for a more favorable tariff on Japanese goods. The Japanese government has been demanding a reduction in the tariff on Japanese goods from 10 percent to 5 percent, and the Hughes administration has been reluctant to agree to this demand.

The board is expected to meet in Washington, D. C., and its decision is expected to be announced within a few days. The board's decision is expected to be a compromise between the two countries, and it is expected to be a victory for the Japanese government.

SOLDIERS' BONUS BILL PASSES THE SENATE COMMITTEE

WASHINGTON, Jan. 18.—Passage of the foreign debt funding bill and of a soldiers' bonus bill was formally decided upon today at a secret conference of practically the Republican membership of the Senate. The action taken on the foreign debt bill was unanimous. It was stated by Senator Lodge of Massachusetts, the Republican leader, but some opposition developed to the soldiers' bonus plan. It was finally adopted, however, after considerable discussion, by what was described as a "large majority vote."

JOHNNY WILSON TO BOX HARRY GREB OR REMAIN SUSPENDED

NEW YORK CITY, Jan. 18.—If no over rains but it pour, and you can prove it by Johnny Wilson.

The middleweight champion is up against a stone wall today with a whole battalion of mandates staring him in the face.

In the first place he is under suspension practically every place but the Isle of Yap. Secondly, he must go through with his original contract to box Harry Greb for the middleweight championship or remain under the ban.

The New York boxing commission has ordered Wilson to box Greb or stay out of rings in New York State hereafter. This would not be so bad were it not that the New York commission has the moral and official support of every boxing body in the country.

The National Boxing Association, which has just wound up its annual convention in New Orleans, has barred Wilson from boxing anywhere in its territory which takes in practically every state where boxing is legalized with the exception of New York, New Jersey and Massachusetts. And the two named states already have put on the bars against the "Chinatown boxer."

Wilson claims that he was forced to sign with Greb to get the money he had coming to him for boxing in a previous bout in New York City last Labor Day, failed to impress the New York commission which ruled it had nothing to do with New Jersey, and is only doing in the matter way to enforce the contract between Wilson and Greb.

So Johnny Wilson will box Harry Greb or not at all unless somebody relents.

MOTHER STARTS SUIT TO AVENGE HONOR OF HER DAUGHTER, PARIS

PARIS, Jan. 18.—Harry W. Nelson, wealthy Virginia society man, will be arraigned Saturday on charges that grew out of a mother's oath to avenge her daughter's honor.

Mrs. Belle Hutchins, formerly the Countess LaStaze, the daughter is Miss Solange Hutchins.

Mrs. Hutchins declared she would prosecute her case against Nelson and attempt to have him deported from France. She accuses him of initiating her daughter into the demoralizing secrets of Mont Martre, where the daughter is a dancer in the famous cabaret, Moulin Rouge.

After his arrest, Nelson filed an answer to the charges stating that he could not be held because Solange was 15 years old and mistress of her own actions. Under the French law he was released. Nelson pointed out further that he had never lived with the girl and that Solange told him that she left her mother because of cruelty.

The Virginian said Solange had further told him that her allowance was cut off. He declared he found work for the girl in the Folies Bergere, where she earned two francs a month as a dancer.

Nelson said that his own money from time to time had been used by her to assist Solange financially at times.

Nelson has been arrested twice in three weeks on similar charges filed by Mrs. Hutchins. The first time was late in December. He was released on December 31, after proving Solange was 18. The second arrest took place last night.

Nelson is well known in the American colony and is a familiar figure in the restaurants and dance halls of the Mont Martre district.

Mrs. Hutchins is very wealthy. After Nelson's previous arrest Solange said she loved him and was ready to marry him.

POSSIBLE CANDIDATE FOR SENATE FROM FLORIDA SAYS BLUNDERS OF REPUBLICANS WILL DEFEAT THEM

BELIEVE U. S. WILL TAKE PART IN GENOA ECONOMIC MEETING

WASHINGTON, Jan. 18.—The navy department announced today the assignment of two officers of the naval air service to France and Germany for duty in connection with the construction by Germany of aircraft of the Zeppelin type for the United States.

Lieut. Commander Zachary Lansdowne, U. S. N., has been ordered to Berlin as assistant naval attaché for aviation for duty in this connection. He is an expert on lighter than air craft, and made one cross-Atlantic flight.

Lieut. Commander Fulton, U. S. N., construction corps, has been detailed to Paris and Berlin in connection with negotiations for the big ship. When his duty is completed, he will assume duty as inspector of naval aircraft and other construction work under the bureau of aeronautics, with headquarters at Friedrichshafen, Germany.

NEW YORK, Jan. 18.—Belief was expressed in Wall Street banking circles today that the United States will participate actively in the proposed international economic conference opening at Genoa March 8, and that the American delegates will raise the question of payment of international war debts owing to this country.

There is every possibility that the Washington conference will have ended before the first of March. The American government probably would be opposed to participation in two conferences at the same time because of the opportunity it would give for details and bargaining.

So far, no information has been given out through official channels whether or not this government could accept the invitation to the Genoa conference. It is known, however, that bankers have advised attendance on the ground that this country—the most prosperous in the world—should lend its presence to any great movement for the economic reconstruction of the world.

If the state department should accept, the next question is whether this country would send a delegation to take a decisive part in the proceedings or whether it would send merely an official observer as was done at the last meeting of the inter-allied economic council at Cannes when George Harvey, American ambassador to England, represented America.

American bankers are keenly interested in the proposed conference, and in the first concerted effort for economic rehabilitation of the nations that have suffered severely through the war. And now public interest has been focused upon war debt liquidation by the financial introduction in the Senate of Senator Dyer's anti-lynching bill.

The interest of the American people in the possibility of an international scheme by which the world might begin to settle its war debts is a new thing in American history. And the bulk of American people would be pleased to have a plan submitted for the settlement of war debts.

In banking circles the opinion is held that if the proposed conference operates and holds its first session in Genoa, it will be a success. It will be a success, it is believed, because it will be the first time since the war that the world has been able to meet in a conference to discuss the settlement of war debts.

The bulk of American people would be pleased to have a plan submitted for the settlement of war debts.

WASHINGTON, Jan. 18.—General consideration of the Dyer anti-lynching bill is to be ended today under plans agreed on by House leaders. Regular business of the day was set aside by the House that this might be done.

It is proposed to take the bill up next Tuesday for amendments and proposed changes. There will be many alterations in the bill as presented to the House from the Judiciary committee, is admitted even by the strongest advocates of the measure.

The general debate disclosed weaknesses and imperfections in the legislation that must be corrected if it is to stand the test of courts later.

North, east, southern, democratic amendments to offer some with the object of performing the bill but more for the purpose of making it unrecognizable by its proponents.

There will be a lively fight over these amendments as they are brought forward, and during political and sectional debate is to come in the House before the bill is disposed of finally.

The anti-lynching bill will not be permitted to interfere with prompt action on the appropriation bills which have the right of way in the House for the present session. The appropriations committee will bring out today the independent officers' supply bill, and it is to be put on passage in the House tomorrow.

WASHINGTON, Jan. 18.—The United States will arrange funding to a \$1,000,000,000 loan to Germany, and it will be much longer than that before the treasury department's "50-50" plan is put into effect.

One nation has announced that the treasury that it will not be able to meet a \$1,000,000,000 loan. While it is not yet known whether the United States will be able to make the loan, it is believed to be one of the most important of the world's war debts.

DENOUNCES ACTION BEFORE SENATE IN THE NEWBERRY CASE

Would Have Given a Thousand Dollars to Have Talked on Case Before Senate.

JACKSONVILLE, Jan. 18.—Because of what he terms three "serious political blunders" which the Republican party has made, William J. Bryan, former secretary of state, in an interview made public here today, predicts a sweeping Democratic victory in the congressional elections this fall.

Accompanying the interview, which is published in the Florida Metropolis this afternoon, is an article from the Washington correspondent of that newspaper stating that the Baltimore Sun today is printing a story from Washington to the effect that the close political friends of Bryan in Washington have been informed that he will be a candidate for the Senate from Florida in opposition to Park Trammell.

The Republican party has made at least three serious political blunders which Bryan says will result in a sweeping victory for the Democratic party in the congressional elections this fall, said Bryan, who was a visitor Tuesday to the Florida Masonic Grand Lodge convention in this city. "I firmly believe that the next President will be a Democrat and that the next congressional election in 1924 will result in a sweeping victory for the Democrats at the last one did for the Republicans."

The party now in power must give way to the American voters for the sake of their standard in voting by intelligent, honest, sober, and well-to-do citizens, who have elected the party of the people to a great victory in the last election. The party of the people must give way to the party of the people, and the party of the people must give way to the party of the people.

OAK HILL

OAK HILL, Jan. 18.—The beautiful country home of Mr. and Mrs. George I. Fullerton was the scene of a very delightful dance last Saturday evening when several of the young people of Oak Hill were invited and very pleasantly entertained. The large and spacious living room and sun parlor were opened up for the dancers and during an intermission refreshments were served, consisting of hot coffee and chicken sandwiches and throughout the evening citrus fruits and various other delicacies were served.

The affair was most informal and the evening delightfully spent, and at a late hour the guests, after expressing their appreciation of the evening, bid the host and hostess good night. Among those present were: Mr. and Mrs. J. C. Deal, Mr. and Mrs. Harry Brown, Mr. and Mrs. Frank Warren, Mr. and Mrs. Harry Simmons, Mr. and Mrs. Craig Goodson, Walter Williams, Archie Smith and Leonard Mosby.

Craig Goodson, Leonard Mosby and Geo. I. Fullerton were in Allenhurst fishing one day last week.

Crawford Patillo is working on the telephone line putting a double line from New Smyrna to Allenhurst and in a short time will have a good line.

50th Anniversary of Marriage Marked By Reception Tues.

Mr. and Mrs. Oliver Story of Arrowsmith, Ill., celebrated their golden wedding anniversary at their winter home, 70 Arlington avenue, most delightfully Tuesday afternoon and evening.

A very large number of guests were present to greet the happy couple and to enjoy their hospitality, as well as to wish them many more happy days together.

The guests were met at the door by Mr. Story, who was as happy as he could have been on his wedding day fifty years ago, and who took such a delight in presenting them to his loving wife whose face was filled with joy and sunshine.

Never was there a home where joy reigned so completely, as did this one at 70 Arlington avenue Tuesday afternoon.

The rooms were tastefully decorated in white and gold, the appropriate color scheme for this occasion. The walls were white with curtains of white also, but having overdrapes of a rich golden hue, and in the center of the dining table was a handsome bouquet of yellow roses, fresh with the morning's dew.

In this room the guests were served with brick ice cream of white and gold, and delicious angel's food cake capped with walnuts of golden hue which continued to carry out the color scheme.

Dozens of scores of friends present at this celebration, Mr. and Mrs. Story enjoyed the pleasure of having their three children with them for the occasion. Their son, Clinton N. Story, who arrived Monday afternoon from Arrowsmith, Ill., and was accompanied by his sister, Mrs. A. H. Harris, of Elmhurst, Ill., and their other daughter, Mrs. W. A. Storey, who resides just across the street from her parents at 65 Arlington avenue.

There are only three grand children in the family, the son having one son, while each of the two daughters have a daughter.

Mr. Story was born near Bloomington, Ill., Feb. 21, 1824, while his wife was born in Erie Co., N. Y., April 28, 1833. They were married the 17th of Jan. 1872 and since that time they have always resided on the same property where they first started to keeping house.

Mr. Story's grandmother Story died at the age of 59, one brother who died at the age of 10, and a sister who died in California in 1890, and to Pike's Peak in 1894 and also went to the Klondike at the age of 75, died in March, 1920, at the age of 95. The last sister two years ago was 92 years of age, has a sister now living at Grand Junction, Col., who is 88, yet his father and mother each died at the age of 82.

Mr. and Mrs. Story's families each consisted of two boys and six girls and each of them also had 13 brothers and sisters.

Their daughter, Mrs. W. A. Storey together with her husband, will celebrate their silver wedding anniversary this fall. Mr. and Mrs. W. A. Storey were plumbers during their childhood days, in fact the Storeys and Storeys while no relation, were neighbors for more than fifty years.

ORMOND, Jan. 18.—E. Johnson is erecting a fine home on Grove street, south of Mound.

Chas. Russell has purchased four lots on Lincoln avenue, west of Pine. He expects to make improvements on them.

Robert Ferguson has purchased two lots of Mr. Louis De Groot and has erected a cottage.

Mr. Louis Ferguson has been improving his property on Toulon avenue, near the lake plant. It is reported he expects to build there soon.

The house out in C. M. Golder's home Sunday afternoon, but through the week of some of the most brilliant was served, but unfortunately some of the guests had quite a large sum of money lost in the valuable collection.

Robert E. Lee's Birthday Will Be Marked By Debate

While Thursday, January 19, is the anniversary of the birthday of Robert E. Lee, commander-in-chief of the Confederate army during the Civil War, and is a legal holiday in Florida, the banks are about the only institutions that will not be open for business as usual.

Presumably, if any, of the stores will be

closed and the schools will be open as usual. So far as can be learned no exceptions have been arranged in commemoration of the event, although there will be a very interesting debate at the High school tomorrow afternoon at 1:15 o'clock.

The subject for debate is "Resolved, That Daytona Should Reject the City Manager Form of Government and Retain the Commission Form." The first speaker on the affirmative side is Granting Pattiolo and the second is Emma Barnes. The first speaker on the negative side is Robin Fiero and the second speaker is Joe Ginsberg.

E. H. Armstrong is Elected President Daytona Ball Club

After a lengthy discussion E. H. Armstrong was induced to accept the presidency of the Daytona baseball association at a meeting held in the city hall last night, succeeding Judge H. T. Titus, who resigned.

Judge Titus rendered his resignation with the statement that he had spent all the money he could afford in the effort to keep baseball in Daytona and that he felt that it is time someone else should shoulder the burden.

The meeting was called for the purpose of taking some steps toward keeping Daytona in the Florida State League, but when it was shown that less than 200 of the 250 season tickets had been sold, the difficulty involved was readily apparent.

The directors of the league are to meet in Orlando tonight and President Armstrong agreed to attend the meeting and endeavor to secure three or four more season tickets in which to make retained efforts to sell the season tickets, which are necessary to finance the team.

Much city that expects to step in the league next summer is supposed to put up a forfeit at the meeting to night and if the league directors in fact have not done by Daytona the only thing left to do will be to drop out of the league.

Much Interest In Revival Services Christian Church

The meeting in progress at the Christian church is deepening in interest and results. Good attendance and three additional baptisms. Monday night an informal reception was held in the basement of the church. Light refreshments were served. Two sections by the male sextette and a lot of talks were enjoyed.

C. O. Woodward, state evangelist for the Christian churches of Florida, is doing the preaching. Mr. Woodward is well known, having held two meetings in Daytona.

The theme last night was "The Sin of the Tongue." It was said that the tongue is the only member of the body that is not under control. The tongue is the only member of the body that is not under control. The tongue is the only member of the body that is not under control.

7th Anniversary of Kiwanis to Be Observed Tonight

Dispensing with the regular noon-day luncheon today the Kiwanis Club will hold a special meeting and dinner in the Masonic Hall in celebration of the seventh anniversary of the founding of Kiwanis.

The meeting will be opened promptly at 7 o'clock and the program will be in charge of the educational committee. Prof. J. H. Heaton will have charge of the musical program.

The first Kiwanis club in the United States was organized in Detroit, January 21, seven years ago and during the week of January 15 to 21 Kiwanis clubs throughout the country are observing the anniversary with special meetings.

Approve Plans of New Grade School On Third Avenue

The trustees of the local school district held a meeting last night and finally approved the plans for the new school building on Third avenue, which will probably be advertised for bids early next week.

The school will cost around \$55,000 and will be built of brick and three stories high. It will be practically a duplicate of the school building on Bay street. The new school building will house the higher grade grades.
